laughter played silently on
the screen.

GERMAN GOVERNMENT BATTLES COMMUNISTS BLACK MENACE OF RED REVOLT SEEN IN NATION

(International News Service)

BERLIN, March 24.—President Ebert, of Germany, today declared Saxony in a state of martial law as a result of communist rioting. Martial law is being aided by civilian officials instead of military.

President Moersing, of the Saxony ministry, is negotiating with the communists. The communists were informed they will be given no concessions.

LONDON, March 24.—The communist at Hamburg have been ejected from all the industrial property they seized yesterday except the Blohn and Voss shipyards, where they are not being seized by the police, said a Central News dispatch from Berlin this afternoon.

By FRANK E. MASON.

International News Service Staff Correspondent.
BERLIN, March 24.—Martial law has been proclaimed at Hamburg, as a result of the communist uprising and Senator Hence has been appointed dictator, said a dispatch from that city today.

Nearly a score of persons were reported to have been killed in clashes while the communists were occupying shipyards and attacking government buildings at Hamburg.

Four men were killed and 12 were wounded when workmen attempted to disarm police at the Vulcan shipyards. The mob, using stones, beer bottles and pieces of metal, attacking the police. The police opened fire, killing and wounding over 15 persons.

Many persons were killed and wounded when communists battled the police at Eisleben. The mob was victorious. The police took refuge in a barricaded building while the mob began pillaging grocery and meat shops and banks.

The leader of the mob sent an ultimatum to the police, demanding their surrender and surrender of all their arms. The mob leaders threatened to burn the city if the ultimatum was not accepted.

The communists disorders were reported spreading. The strike movement was growing and behind all hung the black menace of a political revolt.

Plundering, sabotage, death by violence and dynamite outrages were reported from numerous towns in Middle Germany.

Alarming dispatches were printed in the Berlin newspapers today.

It was declared that the communist uprising was begun on direct orders from Moscow.

The communist chieftains have ordered a general strike throughout all central Germany to tie up industries and the railways. The government is worried over the outlook and measures are being taken to combat the menace.

Five dynamite outrages were reported from Saxony, the communist stronghold. The sound of battle rang throughout the streets of Eisleben for hours. Part of the railway lines were torn up. Miners who had refused to obey the strike command, were driven from the pits by force.

Trains were derailed near Diekau and Ammendorf and more than half a dozen persons were injured.

Herr Weismann, director of public safety in Berlin, expressed the opinion that the movement would collapse before it could become serious in this city, but nevertheless he took strong precautionary measures to meet trouble.

MILLIONS PAID TO CARRIERS BY U. S.

WASHINGTON, March 24.—Since the passage of the Winklow bill, authorizing partial payment to railroads of the government's guarantee, the treasury has paid to the carriers \$78,000,000, under certificates issued by the Interstate Commerce Commission according to treasury figures made public today.

By the end of the month partial payments are expected to reach \$100,000,000.

Secretary Mellon calculates that this sum will be heavily increased by other payments in the near future. Total payments under these headings may be raised to \$700,000,000 by the end of next month, through the necessity of paying out such sums as may be certified by the Interstate Commerce Commission.

CO-OPERATION PLANNED

Local merchants are planning to co-operate in the "prosperity drive" to be held in the nation next month. A meeting of the Albany branch of the Retail Merchants Association probably will be called within the next few days to make plans for the campaign.

"INDUSTRIAL HELP" NEAREST THE HEART OF ADMINISTRATION

(International News Service)

WASHINGTON, March 24.—"This administration has nearest to its heart at all times any righteous helpfulness that it can give in avoiding a suspension of industrial activities in this country," President Harding today declared, when he received representatives of the packers and their employees, who have reached an agreement averting a strike in the packing industry.

"If we can bring our civilization to a point where we can meet around a table in advance and adjust our differences righteously, we have made a long step toward tranquility," the President said.

Cash Prizes to be Awarded Leagues in Clean-Up Drive

Substantial cash prizes will be given the Albany School Improvement League in the two wards which are in the cleanest condition when the inspection is made in the state-wide "Cleaner City" contest, it was announced today.

The prizes, first and second, will be in cash, it was stated, and the amounts will be announced within the next few days. The prizes may be used for any purpose the leagues choose.

DENIES "DEVIL RUNS" THIS PEACEFUL TOWN.

(International News Service)

WORCESTER, MASS., March 24.—Former Alderman Wilhelm Forsberg, one of the oldest residents of Quinsigamond, resents a statement made by the Rev. Joel Fridtelt, pastor of the Quinsigamond Swedish Congregational Church, that "the devil has run Quinsigamond long enough."

"Quinsigamond is one of the most peaceful spots in Worcester," says Mr. Forsberg.

Catholic Leader Passes Away SECOND OIL WELL TO BE SUNK NEAR HERE

ANOTHER COMPANY IS ORGANIZED HERE TO DRILL FOR OIL IN LAWRENCE COUNTY

Southern Oil and Gas Company
Enters the North Ala-
bama Field

ONE WELL IS TO BE SUNK IMMEDIATELY

J. M. Clark, President of the
Newly Incorporated Com-
pany Here

Announcement was made Thursday of the organization of the Southern Oil and Gas company, with headquarters in Albany. The company will sink one well immediately in Lawrence County and plans to drill others, it was stated. The exact location of the well was not made public, but it was declared it would be sunk in the neighborhood of Kitchen's Mill.

Officers of the company are: J. M. Clark, president; Charles C. Robinson, vice president; W. L. Clanton, secretary; W. R. Smith, treasurer; board of directors D. W. Speake, J. M. Clark, Charles C. Robinson, W. L. Clanton, W. R. Smith.

The company has been incorporated under the laws of Alabama, in Morgan County, and is said to have obtained a large number of oil leases in Lawrence County.

The company is the second company to be formed in the Twin Cities, the Albany-Decatur Gas and Oil company now drilling a well on the English farm. It is rumored that several others will enter the North Alabama field within the next few weeks, many persons interested in oil developments having visited this section during the past month with a view to locating in some one of the Tennessee Valley tier of counties.

ALLIES REFUSE TO GRANT CONTENTION OF THE GERMANS

(International News Service)
PARIS, March 24.—The inter allied reparations committee today handed to the German embassy a note refusing to accept the German contention that Germany is incapable to pay the indemnity demanded by the Entente under the terms of the treaty of Versailles.

The reparations committee has sent a long communication to the allied governments containing recommendations for further sanctions of penalties.

Receipts Exceed Tax Estimates

(International News Service)
WASHINGTON, March 24.—The government's total revenue from income and excess profits taxes for the fiscal year ending June 30, next, will be approximately \$3,050,000,000, according to estimates based on the return for the first quarter of the year, it was announced today by Secretary of the Treasury Mellon.

This amount is considerably in excess of what the treasury experts had anticipated from these sources.

ONE FINED

One defendant, charged with drunk and disorderly was fined \$10 and costs in the police court this morning.

AUDITING OF BILLS FOR EXPRESS AND FREIGHT CHARGES FREE NEW SERVICE

Announcement of Inauguration
is Made by Alabama Public
Service Commission

PATTERSON INVITES THE PUBLIC TO USE PLAN

Overcharges Will be Collected
for Shipper by the Com-
mission

(Montgomery Bureau Albany-
Decatur Daily.)

MONTGOMERY, ALA., March 24.—Announcement of the inauguration of a service by the Alabama Public Service Commission for the auditing of railroad and express bills and receipts for transportation and the collection of overcharges was made today by A. C. Patterson, president of the commission. At the same time Mr. Patterson invited the public to make use of the new service in order that errors in freight and express may be found and reimbursements obtained.

The service will be under section 21 of the transportation act of 1920 and will be performed by the office force now employed until such time as the business will warrant the employment of additional facilities.

"This service should prove to be an important part of the commission's work," said Mr. Patterson in making the announcement. "Every citizen of Alabama has the right to send to the commission his freight and express bills for auditing. If it is found that overcharges have been made the commission will order refunds. If no errors are found in the bills the service will cost nothing. If errors are found and refunds are obtained, the commission under the authority of the act will make a charge of twenty-five per cent of the total refund. Any money obtained in this way will be credited to the commission and will be used in maintaining the facilities necessary for the work."

Audit Be Complete.
"Railroad and express bills may be delivered to the public service commission in person or by letter. The audit will be completed as soon as practicable, the citizen notified of the finding and the transportation company ordered to make the refund. The fact that there will be no charge for audits which do not disclose errors and that the cost of finding errors will be only twenty-five per cent of the refunds should cause this service to become popular in Alabama."

Section 21, under which the new service will be established, follows: "Any person, firm or corporation may submit to the commission by mail or in person any railroad or express company expense bill or receipt showing charges paid for transportation of any property by freight or express for the purpose of having the same examined with respect to the correctness of weights, rates and charges indicated thereon." Upon receipt of any such expense bill or receipt the commission shall make such examination as is necessary and if it shall be found that any such weights, rates or charges are incorrect, the commission shall order the express or railroad company in error to refund to the person, firm or corporation which submitted such expense bills or receipts any over or excessive charges paid by such person, firm or corporation. The commission shall impose and collect a reasonable charge for the performance of the service required under this section. All funds received from such charges shall be accounted for by the secretary of the commission and certified monthly by him into the treasury of the state."

(Continued on Page 8)

MRS. STILLMAN TAKES CHARGE HER OWN CASE

(International News Service)

NE YORK, March 24.—Interest in the now famous Stillman double divorce action was intensified today when it was reported Mrs. Anne Urquhart Potter Stillman had come to New York and taken personal charge of her case against her husband, James A. Stillman, president of the National City bank.

CHIEF YEOMAN IS HERE TO ENLIST NAVAL RECRUITS

Chief Yeoman A. B. Crull of the United States Navy Recruiting Station at Birmingham arrived in the Twin Cities this morning and announced that recruiting for the Navy, discontinued January 1, has been resumed. Mr. Crull will be at the Albany postoffice on Second avenue all day and will be glad to see all prospective applicants for admission to the navy.

The age requirements for admission to the navy are now from 18 to 35 years. The enlistment period is for four years only, the two year enlistment having been done away with, Mr. Crull stated. All men accepted are sent to the Naval Training Station at Great Lakes, Ill.

"I believe that the advantages in the navy are greater now than ever before due to the large navy movement now being agitated," said Mr. Crull. "It is evident that the United States is to have the largest navy in the world and thousands of especially qualified men will be needed."

I would be glad to see any unemployed men and talk to them about enlisting in the navy. We need machinist mates and engineers," said Mr. Crull.

RATE INCREASE ON COAL SHIPMENTS SUSPENDED TODAY

(International News Service)

WASHINGTON, March 24.—The Interstate Commerce Commission today further suspended until April 27 the operation of schedules providing a uniform increase of 20 cents per net ton, in the rate on coal in carload lots from points on the Cumberland railroad to points on the Louisville and Nashville, in Alabama, Georgia, Illinois, Indiana, Kentucky, North Carolina, Ohio, Tennessee and Virginia.

Legion Will Meet at 7:30 Tonight

The American Legion, Post No. 15, will hold its regular semi-monthly meeting at 7:30 o'clock tonight at the Albany city hall, the meeting being in the nature of a smoker.

At tonight's meeting the post will take final action on entering the Twin City baseball league.

Tax Storm Sewers by Heavy Rains

One of the hardest rains in recent months visited the Twin Cities early Thursday afternoon, threatening for a time to interrupt traffic on several principal streets, when storm sewers were taxed to their limit to care for the unusual load. Little damage was reported.

GREAT BRITAIN SO FAR HAS FAILED TO COMPENSATE SHIP OWNERS ON LOSSES

Further Examination of Corre-
spondence Reveals Fruitless
Efforts of State Dept.

REPEATED PROTESTS ARE IGNORED BY ENGLAND

American Goods Seized as War
Measure Were "Summarily
Disposed of"

By J. BART CAMPBELL.
(International News Service Staff
Correspondent.)

WASHINGTON, March 24.—Although Great Britain declared at the outset of the world war an intention "to make new compensation to persons whose ships or cargoes were wrongfully detained by the British authorities," she has yet to so compensate American vessels owners, it was revealed today by a further examination of the State Department's fruitless correspondence with the British foreign office regarding American claims against the British, now being looked into by the Senate foreign relations committee.

Destruction of American property, including mail matter by the British, without notice to either its owners or the American consul-general at London, was one basis for repeated protest by the State Department to Downing street at the time the United States and Britain were associated in the world war, it was disclosed.

In September 1917, the American consul-general at London informed the State Department that numerous complaints from Americans had been received by him, which, upon careful investigation, showed that American goods seized by the British as a "war measure" had been "summarily disposed of" by the British prize court, with such speed as to deprive their owners of an opportunity to consider or take part in negotiations for their release.

WEALTHY FARMER RECEIVES SENTENCE

(International News Service)

SCOTTSBORO, March 24.—John C. Bean, aged 50, owner of thousands of acres of fertile land in Alabama and Tennessee, was today sentenced to 10 years in the penitentiary for the shooting of George Stephens at Ola Lee, last July. Bean was one of the wealthiest men in this section of the state and engaged the best legal talent in Northern Alabama and Middle Tennessee.

Evidence presented showed that Bean shot Stephens while the latter was attempting to act as mediator in a dispute between Bean and another man.

Judge Haralson, who sentenced Bean, is also imposing heavy sentences upon all convicted of violating the prohibition laws.

Many Teachers Attend Meeting

Many teachers of the Twin Cities today were enroute to Montgomery to attend the state convention of the Alabama Educational Association which convenes in the capital. The convention was expected to be one of the most important in the history of the organization, having tripled its membership during the past year, and an unusually heavy attendance was expected.

CARDINAL GIBBONS DIES IN BALTIMORE AFTER AN ILLNESS OF THREE MONTHS

One of Leading Prelates in Ro-
man Catholic Church is
Called by Death

LAPSED INTO STATE OF COMA YESTERDAY

Contracted Heavy Cold Which
Was Followed by General
Breakdown

(International News Service)

BALTIMORE, MD., March 24.—James Cardinal Gibbons, archbishop of Baltimore and one of the leading Roman Catholic prelates in the whole world, died at the Arch-Episcopal residence here at 11:35 o'clock in the 87th year of his age.

The venerable prelate's death has been expected since late yesterday afternoon, when he lapsed into a state of coma from which he did not rally up to the time of his death.

The death of the Cardinal was due to a general breakdown, which had been supplanted by a heavy cold, and which first became pronounced while the prelate was delivering a sermon at Havre de Grace, Md., December 12 last.

REGRETS EXPRESSED

WASHINGTON, March 24.—News of the death of Cardinal Gibbons was received with universal sadness in Washington today. The aged prelate was widely known and loved in the capital. Leading men, regardless of religion or politics, joined in expressing regret at the passing of the notable churchman, and in paying tribute to his life and works.

At the White House, the news was received with sorrow.

Senator Cummins, Republican, of Iowa, president pro-tem of the Senate, said: "I knew Cardinal Gibbons intimately for a number of years. I feel his death as a personal loss. I think Cardinal Gibbons has been one of the strong and helpful influences in our country. He not only had the betterment of the individual at heart, but had a firm grasp upon those public questions which have been important from time to time, and he has always exerted his power and influence for the general good. It is a great loss."

The Cardinal's death was expected to throw a shadow of additional gloom and sorrow over Holy Week for the millions of members of his faith, as well as among the thousands of friends he had made and held in all walks of life.

JEWELL RENEWS PLEA TO BOARD

(International News Service)

CHICAGO, March 24.—Since the organization of the railway employees department of the American Federation of Labor in 1912, not a single authorized strike of federated shop craft employees has been called. B. M. Jewell, president of the department, told the United States railway labor board today. Jewell was presenting arguments in support of labor's side of the controversy over national rules and working agreements.

Jewell also declared that abrogation of the national agreement and the negotiations of separate rules and working agreements on each individual railroad would cost the workers more than \$6,000,000 and require the services of 5,000 men.

DR. ANNA SHAW OR EVELYN NESBIT?

We are taught that ours is an age of woman's rights, but in one respect at least we are practicing a great wrong against womankind. We are swinging too far toward leniency as regards the conduct of the fair sex. Who are the women most talked about nowadays, and given such large sympathy? Who have the admiration of the public and for whom are passionate eulogies spoken? Are not those who take the law into their own hands as did Clara Hamon, given too much praise and too little censure? Granted that the wronged woman did the world a service in removing such a man as Jake Hamon was described to be—was her deed right? Always man made laws have given woman too little protection, perhaps, but not until late years have we justified women getting revenge by the use of fire arms. Heretofore women who bore their wrongs, had the satisfaction of knowing that they were honored and respected for their forbearance. The plaudits used to go to the law abiding woman; now we acclaim the harlot too much. Now, the quick way for a woman to become famous is for her to violate as many rules of decency as possible. If a woman is only modest and moral she is consigned to obscurity.

Could Clara Hamon have possibly won the hundreds of thousands of dollars that are to come to her, in an honest or becoming profession or calling?

Did such able women as Dr. Anna Shaw, the suffrage lecturer, or the peerless Frances Willard receive the pleasant notoriety or any thing like the money consideration that came to Evelyn Nesbit Thaw and Clara Hamon. Not at all. The able and progressive women have had few defenders and the general public has been ready to misunderstand and abuse them. The point being, that for the women of questionable character and of little or no moral worth, to be dealt with as they are, is an insult and outrage against true noble womanhood.

Sympathy for the weak or thoughtless should not be withdrawn; but the maudlin sentimentality manifested toward such women as Clara Hamon does them a great wrong; and encourages wrong in the lives of a large class of women and young girls.

LEST WE FORGET

The attention of the country was sharply drawn to the new post-war propaganda in the interest of Germany by a great mass meeting held Friday night at Madison Square Garden at which the crowd showed, according to the New York World, "Anti-German emotion greater than during the war." The too early revival of the German propaganda was halted by a great outpouring of American citizens, held under the auspices of the American Legion, at which any results attained by the efforts to restore Germany to American friendship at the cost of the allies was wiped out by the burst of indignation which exposed the propagandists and their plans.

Will the German mind ever understand the American people? If the German mind could have realized what effect their revived propaganda would have on American sentiment they would not have risked their stupid, exasperating attempt to make the American people forget the war, to forget Belgium, to forget France and to forget the heavy price America had to pay to bring the war to an end. It is passing strange that the Germans operating in America forgot the failure and collapse of a much more intelligent, a much heavier financed propaganda conducted in America for nearly three years before we got into the war, and when the ruins of that propaganda were contemptuously brushed aside in our determination to fight the war and to fight it to the finish. By this time even the German propagandists should have realized that the American people, although they may keep tolerantly silent for awhile, as European issues are forced into American life, take their time, and then rise and smash the propagandists and all their works.

The vast outpouring at Madison Square Gardens was an answer to a meeting called under the auspices of German-Americans to protest against the "Horrors on the Rhine"—a protest which took the form of a vicious attack on France, our faithful ally in the war, and a plea for Germany since plans for imperial aggrandizement had been thwarted. The attacks on France and other allies of America so blatantly expressed in a speeches stirred the slow anger of the American

people in and around New York. "We will answer this German crowd," said the men of the American Legions. They called another meeting, and the greatest outpouring of people New York has seen in a long time responded to the call. The Madison Square Gardens can hold close to 15,000 people; it was packed and the doors were closed by the police an hour before the meeting was scheduled to begin. On the outside a crowd of at least 10,000 people, who could not get in the building, assembled for outdoor meetings and to hear various speakers.

An impressive feature of the gathering was the slow march to reserved seats of five hundred gold star mothers—black dressed mothers—each of whom had lost a son in France, while Frenchmen and Americans were fighting side by side. What could any speaker at the "Horrors of the Rhine" meeting say to these bereaved mothers to assuage their grief? What could a propagandist do to make them forget that their sons died fighting in France and that countless thousands of Frenchmen died with them, and that their common foe was the German army?

A large detachment of wounded soldiers, the maimed and the hurt for all time, limping and on crutches, hobbled to their seats. The crowd rose, ended its enthusiastic noise, and in reverent sympathy waited until the wounded men of the American were seated. The pained silence, so full of unexpressed pity, was broken with a laugh when a big marine among the wounded shouted the rather characteristic American slogan, "What the hell do we care?" Could Dr. Karl Von Mach or George Silvester Viereck at the "Rhine Horrors" meeting have said anything to these boys to make them believe that Germany was their friend, while France, Great Britain and Italy were their enemies?

General John J. Pershing was presented; his appearance threw the Garden in an uproar of cheering. For five minutes he could not be heard.

The controversy created by the determination of German-Americans to restore Germany to her old place in American estimation, before the wounds received by America in war with her have been healed, illustrates America's unfortunate part in having to furnish an arena in which European animosities are fought out. The overwhelmingly popular protest against the first meeting in an expression of the growing determination of Americans to compel these hostile groups to settle their differences without dragging America into their quarrels. The advocates of international brotherhood are handicapped in their efforts to bring America into the family of nations, because this country finds it necessary to create a new national spirit and to try to keep down the old quarrels of Europe on the soil of the American Republic. The war has not been forgotten. America can not forget who her enemy was in that war nor can she yet forget who her friends were.—The Montgomery Advertiser.

IF WEST FLORIDA JOINS US NAMES MUST BE CHANGED

People of West Florida again are giving consideration to the proposal to sell that arm of the state to Alabama. It is stated in a news dispatch from Tallahassee that the proposal will be put up to the legislature of Florida again when it meets next month.

Nine Florida counties are included in the strip which it proposed to add to Alabama's territory. Three of them bear the names of counties already in Alabama—Calhoun, Escambia and Washington. If the Florida territory is annexed to this state it therefore will be necessary to change the names of the three counties, for great as Alabama is and able as it is to stand many things it could not afford to have two counties of the same name. It appears that sentiment is growing in West Florida in favor of transferring state allegiance to Alabama. The Florida people show good judgment in this. It is worth while to be a part of Alabama. It is the best state in all the South to be a part of, and as the Florida counties that would be thus transferred would be gulf coast counties, they would form a very important part of Alabama's territory.—Anniston Star.

Definition of a "prolonged gas attack"—just any lengthy conversation, except those between lovers.

Herbert Hoover says the principal difficulty with opening trade relations with Russia is that the latter has comparatively little to offer America. And we had thought all along this nation was refraining from opening commercial relations with the Soviet because of some altruistic motive!

The shooting of three Americans on the Mexican border is an unpleasant return to normalcy.

Cackling geese according to history, saved the imperial city of Rome. But those who practice cackling nonsense can never save themselves.

There is quite a difference between working for a man, and working him.

Lott got his daughters out of Sodom; but he did not get Sodom out of his daughters—Dr. Wilks. Perhaps the minister will now have a similar remark to make about Detroit, Mich.

Voice of People

To The Daily—

Does the citizenship of Morgan County realize that we are facing the possibility of losing the valuable services of the Morgan County Health Department. The writer was surprised to learn yesterday evening that such is the case and really doubted the possibility until investigating the matter.

The Health Department is supported, I understand, by funds from the Federal, state, county and municipal governments. The fate of the department seems to hinge upon the appropriation from the county. It is there the opposition is said to have centered its attack. There seems to be no opposition to Dr. Austin, county health officer, and it is admitted that the health department has accomplished much good.

As matters now stand it appears likely that we are to lose the local branch of the health department, unless the citizenship of Morgan County arouses itself in favor of carrying forward this good work. Many doctors admit that much good has been done by Dr. Austin and that his efforts have resulted in better living conditions and to be perfectly frank, have acknowledged a desire to see the department retained.

The writer has no axe to grind. Only learned of this plan last evening and to be perfectly honest, I cannot see how men who look to you for their livelihood can afford to go further in the premises.

J. A. THORNHILL.

Surely Ample Security.

A housewife hired a darky to carry three tons of coal from the curb. A little later the housewife discovered that she had no money except a five-dollar bill. Calling the darky, who was about half through with the job, she asked him if he could change the bill so that he could get his pay. "No'm," he replied, "I can't. But I can git it changed over at de gro'ry store." The woman hesitated, trying to decide whether to take a chance. "Don't you worry, missus," the darky assured her. "I'll come back wid de change. An' just to show you it's all right, I'll go after it right now, and leave this other ton of coal I ain't carried in yet out in the street as security."

High Price Paid for Violin.

A very fine violin by Antonius Stradivari, known in the musical world as the "Muir Mackenzie Strad," was sold for \$17,000 at Messrs. Puttick and Simpson's. Dated 1894, the "Strad" is in excellent preservation. Purchased from Mr. Harrison about 1896 by Lady Muir Mackenzie, it was presented to Sir John Muir Mackenzie, and thus derived its modern title. This instrument was of the longer and earlier type, writes a Daily Chronicle representative, and Lord Harrington sold one for \$9500. The highest price paid for a "Strad" of the "grand pattern" was \$3,000, in 1911.

Too Sensitive.

A young bride, whose mind had failed to return after her day out, was questioning her guest, who had had the last conversation with Jane.

"But, dear, are you sure that you said nothing to—er—hurt her feelings?"

"Of course not," replied Mrs. Brown. "I merely said it was strange that she and my diamond brooch disappeared at the same time."

The Story of Our States

By JONATHAN BRACE
XXXVII—NEBRASKA

THE Indian name for the Platte river was Nebraska, meaning "shallow water," and from this

came the name of the state. A nickname for the state is the Blackwater State.

Of the early Spanish explorations little is known, except that Coronado probably reached the great plain of this region in 1541. More than one hundred and twenty-five years later Father Marquette noted the Platte river on his trip up the Missouri. In the beginning of the Nineteenth century the Lewis and Clark expedition skirted the boundaries of the present state and in 1805, Manuel Lisa established the first known settlement which was a fur trading post at Bellevue. This was just after the Louisiana Purchase had brought Nebraska into United States territory.

Omaha was established as a post of the American Fur company in 1825 and Nebraska City the following year.

With the California gold rush in 1849 many pioneers passed through Nebraska and some stopped and settled there although there was a law forbidding settlements among the Indians. The real colonization boom, however, started with the passing of the Kansas-Nebraska act in 1854, which arranged that these two sections should become free or slave states at the desire of their inhabitants. The Nebraska territory was then organized and reached from the fortieth to the forty-ninth parallel. In 1861, the region north of 43° was made into Dakota territory. The Idaho territory was also created, which reduced Nebraska to its present size of 77,520 square miles, except for a slight addition in the Northwest which was made in 1882.

In 1867 Nebraska was admitted as the 37th state over the president's veto. It has eight presidential electors.

Smoke Injures Galvanized Iron. Galvanized iron has been found by a German chemist to be unsuitable for roofing much exposed to smoke. Sulphur dioxide, though having little effect when dry, causes rapid deterioration in presence of moisture, and a mixture of sulphur and carbon dioxide is very corrosive, though moist carbon dioxide alone has slight action. The microscope shows in the corroded galvanized iron minute cavities and sulphate containing ferric oxide, due to galvanic action or actual solution of the zinc coating.

If You Were to Follow Your Washing Through our Laundry

Follow your family bundle through our laundry; trace all of the interesting operations required to return to you clothes so sweetly clean, so beautifully ironed.

You'll find the secret of our magic in simple, homely methods, coupled with thoroughness and a scientific knowledge of fabrics and their treatment.

We resort to no short-cuts to produce the effects you so greatly admire.

There's no mystery in pure, rainsoft water and mild, white soap; in repeated rinsing in crystal-clear water; in the choice starches and careful finishing processes we use.

They are methods your mother and your grandmother knew. Only we have systematized and refined them; replaced guess work with certainty, and substituted ingenious modern equipment for the back-breaking, clothes-wracking washboard, wringer and clothes line.

If you can't come to see for yourself, send your bundle—it will tell you of all these things when it comes home, sweet and clean.

Give our better wash-way a trial this week. Phone today for our driver; we will have him call.

FALLS TEN STORIES,
BUT ONLY BRUISED.

(International News Service)
CHICAGO, March 24.—Chris Ahern
sixty-four-year-old watchman in the
Merchants' Loan and Trust Company
building, is back at work today after a
recent fall of ten stories in an elevator.
The accident occurred when part of
the elevator support collapsed. Ahern
was taken to the Cook County Hospi-
tal, unconscious and supposedly dy-
ing. Only slight bruises were found,
however.

Kiwanis Enjoyed Luncheon at Noon

The Kiwanis club enjoyed its reg-
ular weekly luncheon at its new Bank
street home at noon today. There was
a large attendance of the membership
and several visitors made short ad-
dresses.

Queen Victoria learned to speak the
Hindu tongue after she was 70 years
old.

SENSATIONAL MURDER TRIAL IN MEXICO

MEXICO CITY, March 24.—After
one of the most sensational murder
trials Mexico City has known in years
former Colonel Octavia no Jurez was
convicted by a jury of murdering Be-
nito Torre, a Spanish subject, and
sentenced to eight years in prison.
The killing followed a quarrel in this
city in 1919.

The iron interests of the South are
largely controlled in Nashville, Tenn.

Amusement

"HUMORSQUE" A SPLENDID
PICTURE AT PRINCESS TODAY

The Princess is showing today one
of the finest pictures ever on the
screen in our cities, "Humorsque". It
is the story of a young boy's rise
from poverty to affluence through his
gifts as a violinist. The central fig-
ure of the picturization is the pro-
trayal of a mother by Vera Gordon.
Never before, probably, has there been
given a more tender portrayal of the
unselfish love of mother than is shown
in this very superior picture. Don't
miss it. The settings are excellent,
the cast of unusual merit.

PARCEL POST CHECK SURVIVE LONG TRIP.

(International News Service)
CHATFIELD, March 24.—After
travelling seven days and six hours to
Leonard, N. Y., and return to
Chatfield, by mail, it was found that
only two out of 100 day-old chicks
shipped by a local hatchery had died.
The hatchery made the shipment in
response to an order, but later re-
ceived word by wire that the man
who ordered the chickens had left for
Florida. The postmaster at Leon-
ard then sent the shipment back via
parcel post to Chatfield.

It is an old axiom of the day-old
chick business that young chickens,
when hatched, need no food or water
for three days, but this shipment
doubled that time with a 2 per cent
death rate.

WOMEN WANT MORE LIBERTY IN CHURCH.

LONDON, March 24.—Many church
dignitaries are alarmed at women's
demands for a larger share in church
services.

At the Convocation of York held
recently this fear was voiced by the
Bishop of Durham, who said they
would not be content with a career
in holy orders which limited their
sphere to the functions of deacons.

Though the Bishop did not say so
he may have had a vision of women
aspiring to be Bishops.

By the decision of the Upper House
of the Convocation of Canterbury
women are only to be allowed to
preach and pray in consecrated build-
ings to a very limited extent.

The Bishop of Bristol made a spir-
ited but vain attack against the lim-
itation to women's liberty. It was
not a declaration of principle, he said,
but a confession of prejudice.

DOESN'T NEED ANY LAXATIVES NOW

Mr. Becker says life is a joy, with-
out constipation or stomach
trouble.

"I had entanglements of the stomach and
head for three years. My stomach was
so bad that every time I ate anything
sweet, such as fruit or pastry, the burn-
ing hot water would run out of my mouth.
I took a laxative every night."

"Since taking Milks Emulsion, my
bowels move regularly. I have now taken
ten bottles and have gained 10 1/2 pounds.
All my friends remark how fine I am
looking, and it seems a pleasure to live
again, without stomach trouble."—Bert
Becker, Miami, Ohio.

Physicians usually make slaves out of their
users, and weaken the bowels instead of
correcting them. Stomach trouble in
many cases is directly due to constipation.
Milks Emulsion is a pleasant, nutritive
food and a correct medicine. It re-
stores healthy, natural bowel action, do-
ing away with all need of pills and phy-
sics. It promotes appetite and quickly
puts the digestive organs in shape to as-
similate food. As a builder of flesh and
strength, Milks Emulsion is strongly re-
commended to those whose sickness has
weakened, and is a powerful aid in re-
sisting and repairing the effects of wast-
ing diseases. Chronic stomach trouble
and constipation are promptly relieved.

This is the only solid emulsion made,
and so palatable that it is eaten with a
spoon like ice cream. Truly wonderful
for weak, sickly children.

No matter how severe your case, you
are urged to try Milks Emulsion under
this guarantee—Take six bottles home
with you, use it according to directions
and if not satisfied with the results, your
money will be promptly refunded. Price
50c and \$1.00 per bottle. The Milks
Emulsion Co., Terre Haute, Ind. Sold
by druggists everywhere.

Sold by Thompson's Drug Store, Al-
bany, and Reason-Cobb Drug Co., De-
catatur, and all first class druggists.

LADIES SWIMMING CLASSES TO OPEN AT HUNTSVILLE "Y"

In response to the requests of a large number of the ladies the Central Y. M. C. A. will open its swimming classes for ladies on April first if the enrollment is sufficient to justify it. The classes will be in charge of Mrs. O. W. Baxter who was the instructor during the latter part of last summer.—Huntsville Telegram.

Mrs. Baxter is well known in this city and her many friends wish her much success in her Y work.

The Sunday School of the West-side Presbyterian church has organized a Sunday School Christmas Tree club with forty-one members, for which to raise sufficient funds to have a real Christmas tree for the children. Officers were elected as follows:

T. J. Martin, president; W. E. McCluskey, vice-president; Mrs. Le Roy Couch, secretary; Miss Lilly Mae Tisdale, treasurer; Miss Louise Tisdale, chairman gift committee; Miss May Tisdale, chairman social committee; Mesdames O. J. Thomas, H. G. Drake, W. F. Bush, Miss Louise Tisdale and Ervilma Renegar, look out committee.

EASTER EGG HUNT

The West Side Presbyterian church Sunday School will have an Easter Egg hunt, Saturday at 2:30 o'clock, in the grove near Mrs. O. J. Thomas' home, on West Moulton Street. Parents are cordially invited to accompany their children.

Mrs. J. C. Jones is suffering from tonsillitis.

Mrs. Mary Jones of Grant, Ala., is visiting her niece Mrs. R. D. Nelson.

Mrs. Stegall, and son Armon, of Paint Rock, are visiting relatives and friends in the Twin Cities.

Mrs. Kimball Jones left for Montgomery this morning to attend a state educational meeting.

Mrs. C. E. Swanson and little son have returned from Birmingham, after a visit to relatives and friends.

Mr. and Mrs. J. T. McCormick of Lansing, Mich., are guests of Mr. Mrs. J. T. Jesse. They are enroute home from Jacksonville, Fla., and will visit Kentucky relatives before returning to Michigan.

NINTH STREET MISSIONARY SOCIETY

Miss Ruby Thompson was hostess to the Missionary Society of 9th street M. E. Church Monday afternoon, March 21st. The president Mrs. A. M. McCall, conducted the devotional, Mrs. Bass lead the prayer. A committee was appointed to decorate the church for Easter. This being work day a most pleasant hour was spent in sewing and crocheting.

Keep the bowels active and the digestion good if you would enjoy health. A dose of Prickly Ash Bitters whenever disorders appear will keep a man on the active list. Price \$1.25 per bottle. Sold by all druggists. —Adv.

 Mrs. E. W. Strathers.
 Mrs. W. A. Green.
 Fire chief Sorber.
 Sanitary Officer, Adams.

FLAPPERS CLUB

Miss Sarah Humphrey will entertain the Flappers Club on Saturday afternoon 2:30 o'clock at the home of her parents, 903 Canal street, instead of Miss Mary Harvey as formerly announced.

Mrs. M. E. Farris has returned from Birmingham where she was called by the death of her brother Mr. A. S. Johnson.

Mrs. Wm. Harvey, of Jackson, Michigan, is the guest of Mrs. Earl P. Calvin.

Mrs. W. H. Turner of Hartselle is visiting Mrs. C. D. Robertson.

The many friends of Mrs. Sallies Boldon, will be pleased to learn she is able to be out again after a prolonged illness.

Mrs. John Pointer leaves today to spend Easter with relatives in Decatur.—Florence News.

John Burke and C. D. Robertson, made a business trip to Huntsville, yesterday.

EBONY BURNED AS FIREWOOD

Mahogany Also Employed for Floors in Burma, According to Statement of Missionary.

The people of Burma burn ebony as firewood and use mahogany for floors, but the dance music is abominable, according to Rev. John Tilden Latta, returned missionary.

The chief function of music and the weird dances in the land of the golden peacock is to drive away the evil spirits, and it is essential to Burmese ideas of "harmony" to have each instrument toned in a different key. But it would be a great place for the children.

Parrots can be bought for a nickel and monkeys for a quarter.

No word in the language has more than one syllable. There are no declensions or conjugations. The Burmese are short on words and hence every word is pronounced in three tones having a different meaning in each. The average wage is 16 cents a day. There are no violent deaths, the plague and malaria being the only scourges. The native doctors prescribe on a principle of opposites. If a man has rheumatism they feed him powdered deer's bones, and the remedy for a sour stomach is sugar.

Dom Joao's Botanical Gardens.

Dom Joao's botanical garden in Rio, capital of Brazil, is today the finest in the New World and equaled only by that of Buitenzorg, Java, says Harriett C. Adams, in the National Geographic Magazine. Its century-old imported bamboos are as tall as forest trees; its native Victoria Regia lilies most queenly of their kind. Its Royal Palm avenue, almost 1,900 feet long, is second only to Rio's Quadruple Palm avenue bordering the Mangue canal. In the early days these palms were a mark of the royal distinction and were planted only in parks and avenues near city and county palaces. The story goes that a slave stole some of the seeds and sold them. Today these "feather-dusters of the gods" wave in every part of the city. At present there is a free distribution of seeds and plants from the botanical garden.

Color and Horse Character.

An old cavalry officer says that one may judge the constitution and character of a horse from its color. Bright chestnuts and light bays are high spirited, but nervous and delicate. Dark chestnuts and glossy blacks are hardy and more tempered. Rich bays have great spirit, but are reachable. Dark and iron grays are hardy and sound, while light grays are the opposite.

Roans, either strawberry or blue, are the hardest, and best working of all, even tempered, easiest to train, taking kindly to everything. Rusty blacks are distinguished for their pig-headedness. A horse's "white-stockings" give another clue to character. A horse with one white leg is a bad one, with two its temper is uncertain, with three it is absolutely safe, with four may be trusted for a while only.

To produce one pound of saffron 100,000 flowers are necessary.

Raphael occupied himself with architecture as well as painting.

ADLAI LOUDY

"Samson of the Age" with Vaudeville entertainers, Princess Friday.

You will shudder, wonder, ponder and explain how he does it. Just think of such strength, and many other such feats, will be performed by Adlai Loudy the Samson of the Age. The National Quartet, the South's Sweetest Singers have a big varied program to render that the music lovers get the benefit of a varied program to please one and all. Watch for date and wear away the blues.

ALMOST LOST BIG DISCOVERY

Predatory Bird Carried Off Pod Containing Precious Seed That Produced Burbank Potatoes.

Luther Burbank recently told Colorado potato men a story of his discovery of the world-famous Burbank potato, which has only recently come to light. While Burbank was experimenting with potatoes about twenty years ago he noticed in his patch one plant which held one particularly promising pod of seeds. To his practiced eye these seeds and the plant which bore them would contain the germ of a new and excellent potato. If he had thought it necessary he would have put a watchman over this one small seed ball. As it developed later, the money that would have been required for a watchman would have been but a minute drop of silver in the ocean of gold which this one pod was destined to produce.

Every morning Burbank would go to the patch to see how the pod was faring, and often during each day he would look at the plant to discover the time when the pod could be picked.

"One morning he went into the patch and the pod was gone. With the help of workmen he searched for it. Finally, after hunting for hours, 20 feet away from the plant, in the midst of other plants, the pod was found."

"I think a bird must have picked it off and tried to carry it away," Mr. Burbank told the Colorado potato men. "Anyhow, there it lay, and I picked it up and planted the seeds, and that's how we have Burbank potatoes today."

Distinction

and Whitman**
Albany, Ala.

Active preparations are being made by teachers and pupils alike to attend the Field Day exercises to be held at Albany early in April.

A strong contest will be put up by the pupils from these two schools for the prizes offered in the different competitive classes.

The following students of different schools are home for the Easter period: Miss Hilda Polytinsky, New Benjamin School, New York City; Messrs Walter Rountree, Perry Orr, Arthur Howell, Vanderbilt; Misses Wilmer Kent, Ruth Sharpley, Women's College, Montgomery.

Work is now being pushed on the new Christian church here which has been in progress of building for the past two years. The membership hope to have the building ready by Thanksgiving. The church is built of native sandstone, from the famous Shoal Creek quarry just south of town.

Mrs. Sallie Simpson is on a protracted visit to Earle, Ark., where her daughter, Miss Janet, is operating a picture show. From there she will visit another daughter at Sulphur Springs, Texas.

Mr. and Mrs. G. J. Friedkin are now occupying the Miss Elizabeth Simpson bungalow on Main street.

Presiding Elder W. P. McGlawn was in the city Tuesday.

Dr. Geo. R. Stuart, of Birmingham, will deliver a lecture at the Methodist church, next Wednesday night the 30th., under the auspices of the Ladies

AMERICA MAY REQUEST BRITAIN EXTRADITE GROVER BERGDOLL

Noted Draft Dodger Said to Admit He Violated
His English Passport in Escaping
to Germany

(International News Service)
WASHINGTON, March 24.—Great Britain may be asked to take steps to secure the apprehension and return of Grover C. Bergdoll, American draft lodger now in Germany, it was intimated today.

Secretary of War Weeks stated today that Bergdoll admits violating the British passport in fleeing from Canada to Germany and intimated that this nation may seek to have Great Britain extradite Bergdoll from Germany. If Bergdoll were taken to Great Britain on a charge of violating the passport the United States might then make a request for his extradition to the United States on charges of evading the draft law.

It was stated that at the present time, with the United States at war, this nation cannot make a request for the extradition of Bergdoll, but Great Britain, being at peace with Germany, may do so.

Widows in Brittany wear yellow as a sign of mourning.

Hindu widows never married in ancient times.

Missionary Society.

The city is looking forward to the occasion with a great deal of interest. The large church will no doubt be crowded to hear this distinguished platform and pulpit orator.

DENUDE MEXICAN FORESTS.

(International News Service)
MEXICO CITY, March 24.—That two of the great forests of Mexico—those near Popocatepetl and Ixtacihuatl—are being rapidly denuded by the axes of woodmen and timber companies is the report made to the Secretary of Agriculture by a group of engineers. The Government has been asked to pass laws that will protect these woods and the Secretary already has made such a proposal to the Chamber of Deputies.

WIRELESS MEN ASK MORE FACILITIES

(International News Service)
LONDON, March 24.—The Association of Wireless Telegraphists issues a demand for the increase of methods for securing safety at sea.

It is suggested that in order to carry out the provisions of the International Radiographic Convention in London it is necessary that two separate receiving installations be provided on lines doing special work, one for continuous 600 metres watch and one for press schedules or special receptions.

It is said that often the wireless is working on press news for six hours continuously, giving ample time for a ship in distress to founder without any of its calls for help being heard by ships in the vicinity.

MEXICO PUTS BACK CABINET POST OF PUBLIC INSTRUCTION

(International News Service)
MEXICO CITY, March 24.—In a special session of Congress a bill to reestablish the Cabinet post of Secretary of Public Instruction was accepted by a majority vote. This position was abolished during the administration of Carranza. While no indication has been given of the probable appointee, it is believed that the head of the national university will be offered the place.

Irregular bowel movements should be corrected, as they lead to chronic constipation. Take a dose of Prickly Ash Bitters at bedtime and you will get its beneficial effects after breakfast next morning. It empties the stomach and bowels and makes a man feel fit for the day's work. Price \$1.25 per bottle. Sold by all Druggists. —Adv.

The Story of Our States

By JONATHAN BRACE XXI—ILLINOIS

KASKASKIA, the oldest town in Illinois, is on the site of an Indian village and it was here that Father Marquette, after his first discovery of the Illinois river, established a Jesuit mission in 1675. Four years later La Salle, the French explorer, passed through the Great Lakes, landed at the Chicago river and pushed on to the Illinois river, which he named after the Indian tribes living in that region. Here he built a fort and sent his boat back to Montreal for further supplies. When his vessel did not return he started home on foot and succeeded in finding his way to Montreal through a thousand miles of tangled wilderness. He gathered together another expedition and returned to the fort, which he had left in charge of his companion Tonty. The fort he found in ruins, but finally succeeded in locating and rescuing Tonty, who had been driven out by the Iroquois Indians.

This riverway to the Mississippi became one of the leading avenues of communication between the French in the North and Louisiana. French settlers soon located here and established the most friendly relations with the Indians. In fact, though the Illinois country was ceded by France to England in 1763, the sentiment of the Indians and French together was so hostile that it was several years before the territory could be occupied.

During the Revolution it was George Rogers Clark and his expedition into the territory north of the Ohio which captured Kaskaskia and drove the English from this province. Various states claimed rights to parts of this territory, but these were finally ceded to the federal government and in 1787 it was formed into the Northwest Territory. This tract extended from Pennsylvania to the Mississippi and was eventually divided into Ohio, Indiana, Illinois and Michigan.

In 1818 Illinois was admitted as the twenty-first state with an area of 56,865 square miles. The state is one of the most level in the country and is often called the Prairie State. Politically Illinois is the most important state in the Union next to New York and Pennsylvania as it has twenty-nine electoral votes for president.

LIGHTNING HITS CAR. PASSENGERS UNHURT.

(International News Service) CHICAGO, March 24.—Lightning completely destroyed a Halstead street car during a recent storm, but the only injury to the thirty passengers was the nervous shock to several women who fainted.

The bolt followed a weird course, first striking a flagpole and shattering it, then leaping to the trolley wire. For a block it played along the copper strand until it came to the ill fated car. There was a report like a bomb explosion which was heard blocks away and the car began to burn.

Bird Songs at Pairing Season. The tender emotions of the pairing season urge almost all birds, however unproficient in minstrelsy, to become troubadours for the time being—even from such birds as sandpipers, storks, and others, the season calls forth a tribute of song. This often takes the form of a trill executed as the bird descends through the air, with wings upraised and trembling.

Brownatone Ends Gray, Streaky Hair

Ladies, in society, no more tolerate gray, streaky hair than they do unbecoming gowns. Neither can the business girl or person in any walk of life who would keep up-to-date.

The proven, tested and absolutely harmless way to this gray faded, streaked or bleached hair is

with "Brownatone." To a one bottle, easy to apply tint gives distinct shades from lightest golden to the deepest brown or black.

"Brownatone" tints instantly and will make you look ten years younger over night. No messy, dirty pastes to bother with—no waiting for results. All druggists recommend "Brownatone" on a money back guarantee—50c and \$1.50, two colors—shading from "Golden to Medium Brown" and "Dark Brown to Black."

Special Free Trial Offer For a free trial bottle with easy, complete directions, send 11 cents to pay postage, packing and tax to The Kanton Pharmaceutical Co., 841 Coppin St., Covington, Ky.

THOU SHALT NOT DO THE PIVOT" IS NEW DANCE EDICT

(International News Service) WORCESTER, MASS., March 24.—Since the advent of the "Chicago drag" and "camel's walk" in the dance halls of this city some three weeks ago, dancers have been acting on the floors as though the lid was off propriety, according to Policewomen M. Elizabeth Tracy and Mrs. Jennie M. Rice. Accordingly the following commandments have been promulgated:

Thou shalt not attempt the Chicago drag.
Thou shalt not try the camel walk.
Thou shalt not pivot.
Thou shalt not shimmy.
Thou shalt not tickle-toe.
Thou shalt not jazz in any of its diverse forms.
Thou shalt not dance cheek to cheek.

KILL TIMBER WOLF NEAR KANSAS CITY.

(International News Service) KANSAS CITY, MO., March 24.—A great gray timber wolf, who came down out of the rolling Western plains to prey upon sheep in Jackson County, has been slain on the edge of Kansas City. The wolf, which roamed through farmyards and poultry pens over a space of forty square miles for three weeks, was shot to death by Ernest Carey, a coon hunter.

The wolf, according to William Roh whose farm adjoins the eastern city limits, had even invaded the eastern edge of the city in its search for food. The animal had killed several sheep on Bob's farm when the latter appealed to Carey.

Carey set loose a pack of eight soon hounds on the wolf's trail. The hounds chased the wolf out of a timber hiding place and ran him to earth a mile from a street-car line. Carey, who followed the hounds, easily shot the wolf.

He received \$10. in scalp rewards, the first paid here for a wolf in five years.

DICE ROLL "SNAKE EYES," CULPRIT PAYS

(International News Service) KANSAS CITY, KAN., March 24.—They shoot "craps" down at police court nowadays for freedom.

Charles Campbell, forty-three, arrested in a raid on a "crap" game, won a small fine because the "galloping dominoes" rolled "just right."

"You're a crap shooter, aren't you?" asked Judge Herrod.

"Oh, I'm not so good," replied Campbell.

"Well, roll those bones for your fine," the court decreed.

Campbell rolled. The dice showed "snake-eyes." An "ace" was face up on each.

"Well, it's two for you and one for me," said the court. "Your fine is \$3." Campbell paid.

Copies of Traffic Law Distributed

Copies of the traffic law of the City of Albany, printed in attractive pamphlet form, are being distributed by city officials. Any citizen desiring a copy of the ordinance was requested to call at the city hall and obtain one of the little booklets.

"PROOF OF THE PUDDING"

In yesterday's "Pathe News" we promised its readers that we would furnish the "Proof of the Pudding" as regards Starr Pianos in the Daily of this date, and the selection of Starr Pianos by the following institutions needs no comment. They could not have selected them because they were cheapest, for there are others cheaper. They could not have selected them because they were highest in price, for there are others much higher. Then, why did they select the STARR?

WE SELL STARR PIANOS AND PLAYER PIANOS ON LONG PAYMENTS.

TESTIMONIALS FROM JUDSON COLLEGE

... The Starr Pianos have been in use in Judson College for about one-fifth of a century. They have always given the best of satisfaction. The name "Starr" with us is a synonym for sweetness of tone and durability. We consider ourselves exceedingly fortunate in a recent purchase of twenty-six Starr Pianos, including one Starr Grand. This gives us over fifty Starr Pianos in the Judson, almost every one of them new. We believe there is no better equipped Conservatory anywhere in the Southern States.

(Signed) PAUL V. BOMAR,
President of Judson College,
Marion, Alabama

... We have used the Starr Pianos more or less for eighteen years, and they have proven so satisfactory that beginning with the coming session we shall have only Starrs in our studios, practice rooms and auditorium. Not only are we pleased with the piano, but with the service of the Company as well, for we have found them to be invariably honorable, obliging and thoroughly dependable.

I take pleasure in recommending the Starr as an ideal piano for the School and for the home.

We have hundreds of other names too numerous to publish and believe the above list is sufficient to convince any who may doubt the quality of the Starr instrument. In addition to this "proof" we will be pleased to furnish you with names of dozens of people right here in our cities who have been proud possessors of Starr Pianos for from ten to twenty five years and longer. We sell Starr Pianos on long payments, and the name "STARR" is your protection.

Beauty Secret

KEEP the system clean. Eliminate the poisons. If nature will not do it for you, help nature with a natural medicine like Dr. Caldwell's Syrup Pepsin. Take a teaspoonful for a few nights and watch the results. There will be a feeling of lightness, the eyes will be bright and sparkling, the lips red, the cheeks pink.

Dr. Caldwell's Syrup Pepsin is the recognized, standard remedy for constipation, and it is a constipation that gives women headaches, dullness, loss of appetite and sleep, bad breath and bad complexion. Dr. Caldwell's Syrup Pepsin will relieve you over night, and do it gently but thoroughly. It is just a combination of simple laxative herbs with pepsin, so safe that it is given to infants. A sixty-cent bottle will last for months, and last year eight million bottles were bought at drug stores in itself a guarantee of merit.

TRY IT FREE

Send me your name and address and I will send you a free trial bottle of my Syrup Pepsin. Address me Dr. W. B. Caldwell, 513 Washington St., Monticello, Ill. Everybody now and then needs a laxative, and it is well to know the best. Write me today.

Blacksmiths Are Losers in Tilt

The Decatur Business Men continued winning in the "y" bowling tournament last night, defeating the blacksmiths.

The score follows.

Wilson	119	156	95
Zantrees	128	145	188
W. Goidel	170	142	181
Zanvit	127	129	150
Booldge	100	111	136
Decatur Business Men			
Gelsen	147	129	175
Morrow	172	154	107
H. Goidel	169	148	149
Brown	162	154	144
B. O. Sims	135	147	120

AVIATORS AGAIN TRY FOR ALTITUDE RECORD

DAYTON, March 24.—Aviators at McCook Field have started again to seek new altitude records. Lieutenant J. MacCreedy, accompanied by a field sergeant, is trying to pierce the topmost aerial ceiling in a La Pere, equipped with a Liberty motor. On March 10 he was well on his way; when 28,000 feet up the breaking of an oil line put the super charger out of order and he had to come down.

Major R. W. Schroeder, who retired several months ago, was the former flyer who continually tried for altitude records.

Auditing of Bills For Express

(Continued from Page 1)

for the omission to establish the correctness of weights.

Late Question up.

All railroads operating in Alabama were cited by the Public Service Commission today to appear here Wednesday, April 6, and show why there should not be a general readjustment of the rates for the transportation of velvet beans and velvet bean products. This citation resulted from the great decline in the market price of these commodities which caused an apocalyptic situation because now the transportation rates are as great as the market price of the shipments.

The scale of rates now effective resulted from a conference in 1917 and while prices of commodities were at the highest point. At that time velvet beans were in demand and were being moved to various points for use in making cattle feed. They were bringing from \$30 to \$35 a ton. Prices now range about \$12 to \$14 a ton and dealers and growers have found it will not be possible to market the product unless reasonable rates are established.

The commission invited all producers, millers or shippers of velvet beans and velvet bean products to attend the hearing April 6 in order that the discussion may be thorough and all light possible may be thrown on the matter.

Commissioners Named

S. M. Stewart, appointed a member of the jury commission of Madison county by Governor Kilby several weeks ago, notified the executive department today that he was not eligible and would be forced to decline the appointment. The law prohibits the appointment of persons over seventy years old and Mr. Stewart is now seventy-one.

Governor Kilby immediately appointed Joseph F. Collier, who has held the position during the last term. Mr. Collier was recommended by citizens of Madison County.

Other jury commissioners named during the day were: Clay W. S. Miller of Ashland, succeeding W. C. Morrison; Greene, Howard Williams of West Greene, succeeding himself; Hale, J. E. Ramsy of Greensboro, succeeding himself; Pickens, S. F. Kilpatrick of Carrollton, succeeding himself; Bibb, W. R. Young of West Blocton, succeeding himself.

Fraud Is Charged

Charles Nolan, under arrest in Birmingham on a charge of cheating and swindling preferred under Georgia law for an offense alleged to have been committed at Forsyth, Ga., must return to Georgia to answer the charge. Governor Kilby today approved extradition papers drawn by Governor Hugh M. Dorsey of Georgia. It is alleged that Nolan obtained

funds by promising to erect oil filling stations at certain points by January 1 and that the stations are still quite invisible.

Railroad Improves.

The first movement for railroad construction work in Alabama since the beginning of the world war in 1914 came to the notice of the Alabama Public Service Commission today when the Alabama, Florida and Gulf railroad filed an application for the approval of an issue of \$150,000 first mortgage bonds. It is proposed to use the fund in the extension of the company's line from Cowart's to Dothan, Alabama, and from Greenwood to Merianna, Fla.

Fertilizer Sales Off.

Fertilizer tags sold up to March 22 of this year were only one-third of the total disposed of for the same period of 1920, according to compilations made by W. B. Allgood, chief clerk of the state department of agriculture. This indicates that farmers will either not plant as much cotton this year as formerly or that the cotton will be grown without fertilizer.

Commissioner M. C. Allgood, has received information that the boll weevil has already made its appearance in north Alabama and fears the damage will be greater this year than ever before due to the mild winter, the weather not being cold enough to destroy any great number of the pest.

Warning Issued

Another warning against mad dogs at large in Montgomery was issued by the state laboratory today. A dog attacked Joseph Beidell, music teacher on South Lawrence street late Tuesday afternoon and inflicted a serious wound. The same dog bit a negro boy and then disappeared.

The head of a dog killed by policemen later showed positive signs of hydrophobia during the examination at the laboratory.

Heads of dogs received from Jasper and Normal today also showed indications of hydrophobia.

Educator Meet.

Educators from all sections of Alabama began to gather here late Wednesday for the annual convention of the Alabama Education Association which will begin Thursday afternoon and will continue through Saturday. It is believed the attendance will exceed four thousand and that the meeting will be the largest ever held by the association.

Several auxiliary organizations of the association held their first meetings during Wednesday afternoon and evening.

THANKS

The Daily very much appreciates a large pile of Snowdrift, the gift of W. C. T. Carter, who is demonstrating the popular product in the Twin Cities.

Richard Mansfield studied art before preparing for the stage.

TO HOME OWNERS AND RENTERS:

We Can Sell You Furniture That Will Pay For Itself Twice Over the First Year

MAKING THE SPARE ROOM PROVIDE A STEADY SOURCE OF EXTRA REVENUE

Time was, long ago, when almost every home had one, two and often several extra rooms that were used merely as storage spaces, attics or guest rooms, but times have changed.

We want to impress upon your minds the opportunity you are overlooking and also the exceptional service you can render those who need the space. We want to make you realize that a desperate situation has arisen in Albany and Decatur that cannot be combated by the long delay necessary to building of new homes and that the only relief possible, which also works directly to your benefit, is the renting of the spare room.

In our business we have considerable opportunity of talking these matters over and suggesting the remedy to a great many people and by figuring the cost which such change would mean to them we have proven whereby they can double and even more than double the amount necessary in furnishing another room the first year. It does not take much furniture, even less than you would expect and in several cases we found that those desiring to purchase new furniture for their own use had just the proper old pieces to furnish an extra room or two. They were not only able—

To buy the new Furniture for their home but also to furnish complete a little suite that soon paid for the new goods in rentals.

This is a condition which has not only the business side but also the service to the homeseeker which you should consider. We would be glad to go over the matter with you in detail and offer any suggestion which our experience make possible.

Anyone who will offer rooms for rent, we will rent them for you without any cost to either party.

If you want to rent a room—phone us.

YOURS FOR SERVICE,

Morgan Furniture Co.

Retiring From Business

CLOSING OUT ENTIRE STOCK

Of Men's Suits and Overcoats

AT PRICES FAR LESS THAN PRESENT MARKET VALUE
